German Delegates Are Greatly
Annoyed by Clause Referring
To Occupation of Ruhr.

GERMANY AGREES

(By Associated Press)

Spa, Belgium, July 16.—The German delegates at the conference here have agreed in principle with the terms submitted to them by the allies as to Germany's deliveries of coal, but will ask for the explanation of certain articles in the allied note, they announced this afternoon.

(By Associated Press)

Spa, Belgium, July 16.—The German delegation at the conference here sent word to the supreme council this morning that the German reply to the allied ultimatum on coal deliveries would not be ready before four o'clock this afternoon.

The Germans are expected to ask modification of the terms of the protocol.

The reply was due at 11:00 o'clock this morning.

From what could be learned during the morning the thing that was standing in the way of acceptance by the Germans of the allied terms was the clause providing for occupation of the Ruhr valley unless the coal deliveries reached a total of 6,000,000,000 tons by October 15.

The German delegation, it appears, were greatly annoyed to find such a clause in the text of the terms handed them in the note of last night.

TRAINER FIRES BULLET HITS A SPECTATOR

(By Associated Press)

Akron, O., July 16.—A bullet fired by a lion tamer from the inside of a lion's cage to intimidate the animal at a carnival here last night struck Ben Holland, a spectator, wounding him below the heart.

The revolver was supposed to contain only blank cartridges.

The trainer had a narrow escape in getting from the cage when the beast became infuriated by the smell of human blood.

WHEAT TAKES BIG TUMBLE

(By Associated Press)

Chicago, July 16.—Wheat underwent a sensational break in price today. The market opened all the way from unchanged figures to 9½ cents lower and soon was down 10 1/2 cents a bushel in some cases for December, the principal speculative delivery.

The big tumble in values was attributed more to lack of buying order than to any great pressure to sell.

EXPECT SPEECH TO BE KEYNOTE OF REPUBLICANS

Senator Devoting All Time To
Completion of the Important
Message.

Particular Attention is Expected
On The Labor Question.

(By Associated Press)

Marion, O., July 16.—Senator Harding kept hard at work today on his speech accepting the republican nomination for president. The address is to be delivered Thursday at the formal notification ceremonies here.

As an interpretation of the Chicago platform the acceptance speech is expected to be the real keynote of the republican campaign.

In his declarations yesterday regarding the new farm labor party some of the Senator's friends saw an indication that the republican attitude toward the farmer and the laborer might come in for particular attention in the notification speech.

(By Associated Press)

Sandy Hook, N. J., July 16.—Repairs on the cup sloop, Resolute, whose throat halcyon parted in yesterday's race when victory over the Shamrock IV seemed well in hand, proceeded rapidly today and there was every prospect the defender would be in readiness for another try in the America's cup races off Sandy Hook tomorrow.

SEARCHERS FIND BODY OF GIRL IN OHIO RIVER

(By Associated Press)

Steubenville, O., July 16.—The body of Miss Florence Kirkpatrick, aged 17, of Berdholz was taken from the Ohio river here at 10:00 o'clock this morning.

Flinding of the body cleared the mystery surrounding the young woman's disappearance Wednesday night from the home of Mrs. Thomas McCullough, of this city, with whom she boarded while attending business college.

A note was found in the girl's trunk yesterday which read:

"I have failed in my studies and cannot face you or my people again. The only way to end it all is by death. I am going to drown myself."

ARMY PLANES LEAVE ERIE

(By Associated Press)

Erie, Pa., July 16.—The three army airplanes which arrived here last night in their flight from Mineola to Nome, Alaska, were being tuned up this afternoon preparatory to resuming their journey later in the day.

Their next stop will be Grand Rapids, Michigan.

Meet Monday Night to Determine Whether Acceptable

(By Associated Press)

Chicago, July 16.—E. H. Fitzgerald, grand president of the Brotherhood of Railway Clerks arrived here today for a conference with executives of the 16 recognized railroad organizations.

At a mass meeting Monday night plans will be perfected for the immediate calling of a strike if the awards of the United States Labor Board now in session here are not satisfactory.

Wage increases affecting 1,850,000 workers to be granted by the railway labor board will range from 5 to 12 cents an hour, it is said.

SEND TROOPS TO STOP RIOTS

(By Associated Press)

Wilkeson, W. Va., July 16.—Mingo county officials were today notified by Governor John J. Cox that lawlessness in the Mingo county coal fields must cease and with this end in view a detachment of 50 mounted men of the state police had been ordered into the district where a strike of miners has been in progress for several weeks.

FOUND DEAD

Cincinnati, O., July 16.—Mrs. E. D. Roberts, wife of the assistant superintendent of the Cincinnati public schools, was found dead in bed at her home. A three year old son was in bed with her. Heart disease caused the death.

COWS GET DRUNK STILL IS LOCATED

Durham, N. C., July 16.—(Associated Press)—John King, a farmer living near this city, today found two of his cows lying on the ground in the pasture in a stupor apparently suffering from some strange malady. A veterinarian was called and after lengthy examination pronounced both animals as merely "heavily" drunk. A search for the cause led to the discovery of a big moonshine still in a secluded corner of the pasture. The cows had eaten a quantity of the mash used by the illicit whisky manufacturers.

PLAN TO KEEP JERSEY WET CHARGE FILED

(By Associated Press)

Newark, N. J., July 16.—Samuel Wilson, assistant superintendent of the Anti-Saloon League of New Jersey, in a statement forwarded today to State's Attorney McCran charged that "an agreement exists between county authorities and saloons and race track men to keep New Jersey wet due to the desire of politicians to obtain big campaign funds from liquor and gambling interests."

THIRD PARTY NOT WORRYING G. O. P. NOMINEE

(By Associated Press)

Marion, O., July 16.—Perfect confidence that the third party movement will make no serious inroads in republican strength was expressed today by Senator Harding.

He expressed gratification that Senator LaFollette had declined to be the candidate of the third party and said he believed "few republicans are interested in the third party movement."

HUGE STEEL CAR PLANT IN OHIO

COX TO REACH CAPITAL CITY LATE SATURDAY

Receives Delegation From The
National Women's Party
Friday.

(By Associated Press)

Columbus, O., July 16.—Governor Cox will not arrive in Washington for his Sunday conference with President Wilson until Saturday afternoon. The Governor today decided to leave Columbus on a later train this evening than had been originally planned.

The Governor this afternoon met a delegation from the National Women's Party headed by national Chairman Alice Paul, who urged him to use his influence in having the state of Tennessee ratify the federal suffrage amendment in time to permit women to vote at the November election.

Plans were being developed today by the local chamber of commerce to entertain members of the Democratic National Committee who will begin to arrive Monday.

SAYS NO CAUSE FOR AFFRONT

(By Associated Press)

Marion, O., July 16.—Senator Harding said today he had given no cause for affront to the memorial committee of the American Legion which had been reported as resenting his cancellation of a speaking date at Memorial Park, St. Louis, July 25th.

The invitation, the candidate said, he had accepted to find later the date fell between his speech of acceptance and that of Governor Colledge.

A quick survey showed no damage, but the survey was hampered by apparent demoralization of telephone service through frightened telephone operators deserting their posts.

The shock was more severe than any felt here recently.

WILL USE STICKERS FOR SMITH ON BALLOT

Supreme Court Orders Negro's
Name Placed On Republican
Ballot For Secretary of State

Precedent Established by Court
Action in Ordering Name To
Appear.

(By Associated Press)

Columbus, O., July 16.—The Supreme Court today ordered the name of Harry Clay Smith, negro publisher of Cleveland, placed on the republican ballot in the August primaries as a candidate for secretary of state, and directed that the ballots which are already printed without his name be corrected by the use of stickers bearing the names of the three candidates.

The decision was announced when Attorney General Price advised the Court that charges of "collusion" would not be pressed against Smith.

The decision of the supreme court establishes two important precedents in election matters in Ohio. It overrules the long recognized principle that the secretary of state is the final arbiter in matters of dispute concerning the printing of names on the ballots and permits the use of stickers.

Motors are a good deal like human beings, they do their best work when well fed, and they must be fed what's best for them. SIGN CONTRACT FOR VERY BEST IN CHAUTAUQUA

125 Guarantors Back Of
Chautauqua For Next
Year and Offering Will
Set New Record.

Light Standards Will Be
Erected With Proceeds
From Chautauqua Just
Closed.

Just before Professor Cope appeared for the closing number of the Chautauqua Thursday evening, Supt. William McClain, chairman of the Chautauqua guarantors, announced to the large audience that with 125 signed guarantors secured for next year a Chautauqua was already assured and he presented the contract for next year's talent and the seat sale guarantee to Superintendent Boyd of the Chautauqua. He also extended a vote of thanks to Superintendent Boyd for the successful manner in which he had conducted the Chautauqua.

In the contract given to Superintendent Boyd the sale of 800 season tickets at three dollars each, war tax included, is guaranteed. It will be the highest priced Chautauqua ever secured for this part of the state and the attractions are of the best.

Chairman McClain said that with the funds left over after all expenses were paid it would be possible for the guarantors to erect standard lights at corner of North and Paint streets and at the corner of North and Temple streets.

Between 800 and 900 season tickets were sold for the Chautauqua just closed and the single admission sales exceeded all previous records.

The attractions next year will include the very best obtainable in Chautauqua.

ALL FRESH TALENT FOR NEXT MATCHES

In the next wrestling match to be staged in this city, which will be on the evening of July 20th in the Armory on Court street there will be two new men who have never wrestled before local fans. The fans are quick to grasp this feature and a large crowd is expected because of this fact.

The majority of the lovers of sport have grown weary of seeing one man perform time after time and will welcome the induction of fresh talent. Fisher, while formerly a local man,

has never appeared in the professional ring here, and the Turk, Hessouff, is also "new stuff" in Washington.

The boxers include two young men who have never been observed in a local ring. Burden is from Wilmington and Carmichael is a Washington boy.

EXPECT RECORD CROWD AT GAME

The fact that stories are coming out of Washington C. H. that the Athletics will be revamped for their engagement against the Clintons here Sunday, the Clintons are sitting steady in the boat. There is no excitement over the news whatever among the "big chiefs" of the Clinton team, as they are confident they have a winning team.

However, there is much interest in the game and the management is confining its worries, not to rumors of big league players coming with the Washington team, but to the proposition of handling the biggest crowd that ever witnessed a game at North End Park.—Wilmington News.

GREENE COUNTY SHOWS GOOD GAIN

The total tax duplicate in Greene county has increased nearly \$2,000,000 over that of last year, as shown by complete returns made last spring and just announced by the Greene county auditor.

The duplicate totals \$54,491,270, and every district shows a gain except Osborn, which is experiencing a "moving day."

Xenia's duplicate is \$11,823,280.

Manager Grote of the Cincinnati Muldoons, who caught for the Washington Athletics last Sunday against the Wilmington Clintons and who starred both the mask and with the stick, will not be with the Washington team for their game next Sunday when the Clintons are tackled on their own field.

It was announced by the Athletic management Thursday that Harley Adams would probably have to work behind the bat in case that another man could not be secured.

The remainder of the line up will be unchanged. Morris will probably pitch.

AMERICANS WANT THEIR OWN CLUB

(By Associated Press)

Buenos Aires, (By Mail)—The American Club here of nearly 300 members is trying to lease or buy a home in order to fulfill a long felt want for an American social center in the Argentine capital. There are a number of English clubs to which some Americans belong, but there is no place where Americans can get together and "talk freely" as one of the promoters put it.

The Board of Governors point out that if it is to be a real American Club it must be "the best" which means a good deal in this city of fashionable clubs, among them a luxurious German club. The organization has a "nest egg" of \$20,000 to begin with.

It is proposed to admit women to privileges and make the club a center of all American patriotic activities. The American Club at present holds a weekly luncheon at a hotel when the members listen to addresses by prominent visitors or Argentines.

PLANS SHAPED FOR TWENTIETH ANNUAL FAIR

**Racing To Be Big Feature
Of The Fayette County
Fair This Year With \$3,-
600 in Purses.**

**Stock Exhibit and Agricultural
Show is Given All
Encouragement With Lib-
eral Prizes Offered.**

Plans are rapidly shaping themselves for the Twentieth Annual Fayette County Fair, which will be held four days this year at the Fayette County Fair grounds, August 17, 18, 19 and 20.

The committee of officers and the board of directors are working towards an end which is expected to bring the largest crowds in the history of the Fayette County Fair to the grounds on the three main days and the array of prizes offered and the racing card is declared to be the most attractive ever offered.

A total of \$3600 in prize money has been posted for the racing purses which is an even \$400 on each of the five races. Three races will be held each of the three big days, Wednesday will see the 2:20 pace, the 2:30 trot and the 2:17 pace. Thursday is the 2:11 pace, the 2:20 trot and the 2:13 pace. Friday is the 2:25 pace, the 2:25 trot and the 2:17 trot.

Departmental Superintendents are:

Stalls—Captain Charles Allen.

Privileges—W. A. Tharp.

Speed—Capt. Chas. Allen.

Marshal—Rankin Paul.

Other superintendents are:

Charles Allen, Supt. of Speed Ring.

Fred C. Jones, Supt. of Class Show
Cattle—M. L. McCoy, Supt.
Swine—O. A. Kiever, Supt.
Farm Products, etc.—Orris Hegler,
Supt.

Farm Machinery — James Ford,

Boys and Girls Club Work—Mrs.
Frank E. Haines, Supt., and Miss
Maudie Cox, leader.

Auditing and Finance Committee—
R. C. Peddicord and W. H. Dial.

Ground Committee—H. W. Wilson
and Mart L. McCoy, Supts.

A policy adopted by the officers of
the fair this year is that there will
be no free attractions. Believing
that the people come to the fair to
see the live stock, racing and ex-
hibits, all money has been expended
with this thought in mind.

Secretary George H. Hitchcock,
visited the Rainboro Fair this week
and found 118 horses on the ground
with racing at fever heat. In talking
with several horsemen he gained the
information that the majority of those
men will make the circuit of Lancas-
ter and other fairs in this locality
and will also bring their stables to
the Fayette County Fair, where the
rich purses are inducement for their
best animals.

Secretary Hitchcock also gained
from observation that fairs this year
are to be unusually well attended.
The Rainboro Fair, the first
to be held in this section of this state
was favored with great crowds
which the management declared were
the greatest ever.

In lending all work to real objects
of farm interest the farm organiza-
tions of the county have rallied to
their support and the Boys and Girls
Club Work, the Panama Grange and
the Fayette County Farm Bureau are
to take special places.

Officers of the Fair are:

R. A. Jefferson, President.

James Ford, Treasurer.

G. H. Hitchcock, Secretary.

Grain Cars and Fordson Tractors

A member of this Company was at the Ford Factory this week and learned the following very interesting facts:

768 Fordson Tractors are being shipped to Ohio in July in 109 Box cars.

Shipment of Fordson Tractors to Ohio this month is necessary because about August 1st all available box cars will be sent into the West to move the Western Wheat Crop.

For that reason the delivery of Fordson Tractors later probably will be difficult until after the freight cars are returned East.

14 Fordson Tractors

have been allotted to us out of this shipment and we are sure of being able to fill that many orders in time for early fall plowing. 4 will be here in time to use in Threshing.

It is our opinion that farmers who expect to buy a Fordson this fall should not delay placing their orders.

YOU BUY IT, IT'S A REAL BARGAIN

Whenever you find a starting and lighting battery as good as the Cooper, made with the same care and of same high grade materials by men of equal battery experience and knowledge, sold at a less price with as long a guarantee, why, you would be unwise indeed not to buy it; it's a bargain.

But until that happy day comes, do you think you can do better than to put a Cooper on your car? Do you think it wise to shop around when we offer you a sure thing? Think about that a little.

You've nothing to risk, and neither have we. The company does the guaranteeing; the maker takes the risk for us both. Come in and get wised up on the text of that guarantee. And the Cooper price has not yet advanced. The price is not high, either.

FIRST CLIMBED PIKE'S PEAK 100 YEARS AGO TODAY

(By Associated Press)

Colorado Spring, Colo., July 14.—One hundred years ago today Dr. Frank James established the world by climbing to the top of Pike's Peak, 14,109 feet above the sea. Since that time 2,600,000 persons have made the trip and today Colorado Springs is celebrating the anniversary with ceremonies all along the 18-mile serpentine automobile highway to the summit.

Lieutenant Zebulon M. Pike is credited with the discovery of the mountain in 1806. As hardy a pioneer was the discoverer, he declared the peak was inaccessible and none dared to doubt it until July 14, 1820, when Doctor James, a member of the Major Long expedition, succeeded in the attempt.

Major Long christened the mountain James peak but the pioneers and plainsmen persisted in giving it the name of its discoverer and Pike's Peak it has remained.

The history of tourists travel to this most famous spot of the Rockies has been that of the development of highway transportation. First came a bridle path, in 1873; two years later a wagon road was built and in 1891 a cog wheel railroad was constructed.

With the development of the automobile industry came the demand for a motor road and in 1915 the present

WHOLE DUTY OF MAN:—Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh, when thou shalt say, I have no pleasure in them. Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man.—ECCLES. 12: 1, 13.

Our Revenue Producers

As revenue producers the income tax law and the excess profits tax law in operation along with the multiple covering schedules of the amended internal revenue laws, are a success.

Those laws have brought to the national treasury, in times of need, staggeringly large sums of money. They have enabled the nation to pay off its short time emergency "paper" as it matured, to meet all running expenses and to discharge interest obligations.

Both laws, however, have been of prime aid to the profiteer and the dishonest petty business man alike. While taking a portion of the receipts of the business men in part payment for the blessings they enjoy, the protection to property and the opportunity for trade, they have been, in many, many instances used as an instrument to boost profits.

It seems generally conceded now that those two tax laws are one of the chief causes for high living costs and business and industrial unrest.

Having passed through the war period and entered upon peaceful times the income tax and the excess profits tax laws should both have been amended or a new method of enforcement adopted.

With the purpose of making certain that the men who received the enormous profits paid the tax on those profits and the men with large incomes gave a portion to the government, Congress should have taken up taxation laws and reformed them to meet the financial needs of the government and, at the same time not interfere with business during the reorganization period.

The theory of the tax laws is sound—production of huge sums of money—but they have been made to do that and more, and also a new purpose—supply and price control and the swelling of already monstrous profits.

Circuses

Men who furnish attractions for the entertainment and instruction of the public report that the past year has produced a phenomenally large harvest of dollars.

Every amusement and entertainment worth while has done well and made money during the past twelve months. Circus people especially report a flourishing business everywhere and an abundance of prosperity for all those who succumb to the lure of the white tops.

During the lean years which preceded the present time of plenty many of the big circuses combined, cut off competition and reduced expenses.

The result has been to build up circuses which for size and abundance of attractions eclipse even the wildest dreams of the children of half a century ago. Now days it is the big three-ring circus with its elevated stages, its herds of animals in the combined menageries or else the absolutely no account outfit that has absolutely nothing in quantity or quality to offer in exchange for the dollars handed in at the ticket window.

But the enormous exhibitions which offer more in quantity and quality than anyone can see and justly appreciate—the big circuses so tremendous that they dazzle us—and the little "no account" affairs, cause us to recall with a sigh the really good circus with its one ring and its one clown who sang his song at the top of the canvass. That one clown, in those days, was an artist. He out-classed the troupes of funny men who today try to amuse. He was original and his humor was spontaneous. A little rough sometimes, but always keen as a bright steel knife.

We have great circuses these days—too great really—but they don't compare with the one ring, one clown circus in the days when every employee was a peculiar character and in a class by himself.

Styles change with circuses as with everything else, but sometimes the old style is the better.

POETRY FOR TODAY

THE MOCKING BIRD

He didn't make much music.
When first he came along.
An' the other birds went wonderin'
Why he didn't sing a song.
They preened their feathers in the sun,
And sang their sweetest notes.
An' the music jest came on the run
From out their purty throats.
When the stars were all a-comin'
In their dreamy fields of blue,
An' the faillin' of the dew,
Felt the faillin' of the dew,
There came a burst of melody,
Such as mortals never hear!
And all the birds seemed single!
From the throat of one small bird.
Then the other birds went playin'
To a land too far to call.
For there was no use in stayin'
Where one bird could sing for all.

BEET SUGAR CROP IN STATE IS HEAVY

Enough sugar will be produced in Ohio this year to supply the state for nearly three months if consumed in the state, according to W. F. Callander, head of the state-federal crop reporting services. The beet sugar crop will exceed by almost one-third the average yearly production for a period of 10 years.

The beet sugar acreage this year is 44,300 acres, an increase of about 20 per cent over last year. The sugar produced from these beets will be between 90,000,000 and 95,000,000 pounds, Callander estimates. This will be about 15 pounds for every man, woman and child in the state.

Practically all the sugar beets are raised in the counties in the north-western part of the state, Lucas county probably producing the largest crop. The large sugar beet refineries are located at Toledo, Ottawa, Fremont and Findlay.

FRENCH RETURNING HER LAST PRISONERS

Paris, (By Mail)—The last prisoners of war in French hands being remnants of the Russian expeditionary force that landed at Marseilles, acclaimed by enthusiastic throngs, in 1917, are being expatriated as fast as the slow progress of negotiations with the Bolshevik will allow.

About 5,000 of them remained interned after all other prisoners, included the Germans, had been sent home. Coming as allies and participating in some of the fiercest fighting along the Aisne, the Russians were deeply impressed by the revolution in their country; discipline suffered until finally revolt and mutiny broke out in the ranks, requiring severe measures.

The contingent never again participated in military operations. The men were used for a time in road repairing but the results were unsatisfactory. They are being exchanged for French soldiers taken by the Soviet forces on the Archangel front.

ONCE DULL PALE LITTLE GIRL NOW ROMPS AND PLAYS

Her little body racked by coughing; stomach bloated and uncomfortable a bunch of nerve—too sick to notice her favorite doll.

After experimenting with many remedies, which did not seem to benefit her, her Grandfather insisted that she try Dreco. Now she is well.

Little Leona Falke, 9 years old daughter of Naomi and Frank Falke, living at 516 Harrison St. Springfield, O., stood by clasping her doll in her arms while her Grandfather, Mr. J. J. Falke, told the following story.

"We were all very much worried about Leona, and were afraid she wasn't going to get well. She was very nervous and pale; her stomach was bloated and she had a bad cough; had lost so much flesh that she seemed to be fading away. We tried many remedies in our efforts to restore her health, but she didn't seem to improve. I had heard so much of the good Dreco was doing that I wanted the little girl to try it. Well, you'd be surprised at the way that child improved. Her body commenced to fill out; the roses came back to her pale cheeks; she had no more gas and bloating in her stomach, the nervous twitching ceased; she has taken a lively interest in her doll lately and is well and happy."

"We give Dreco the entire praise for the remarkable change in Leona as nothing else benefited her, and we are all so happy to have her well again."

All good druggists now sell Dreco and it is being especially introduced in Washington, C. H., by Frank Christopher.—Adv't.

The Three Stages of This Successful Tire Business

Recent events bring to mind not only the growth of the automotive industry, but also the growth of this institution, the foundation of which was laid near five years ago, when Mr. Fred Crone opened a vulcanizing shop in what was then the Arcade Livery Barn and which has since been converted into a modern garage.

He soon outgrew the quarters and removed his place to the McLellan Building, corner of Market and Fayette streets, that location now making way for another branch of the automotive industry—a Standard Oil filling station.

Almost three years ago a partnership was formed between Mr. Crone and Mr. Frank Blessing, under the firm name of The Tire & Rubber Shop, and the business removed to the present advantageous location at Court and North streets where the firm enjoys an ever growing patronage due to the willingness and determination of all parties concerned to render service that satisfies.

It is a significant fact that each stage of this successful concern has shown growth and enlargements, more of which will be told and the reason for which may be learned by contact with the firm.

SOCIAL : PERSONAL MENTION : CLUBS

The girls of the Chi Delta Chi Club are planning an eight day camping trip at Bryant's cottage on Faint Creek near Rock Mills. Miss Mary Weaver and Miss Lillian Davis will chaperone the party, which includes Misses Mary Hanna Bliss, Helen Baker, Helen McKee, Elizabeth McDonald, Eleanore Jones, Ruth and Mary Hagler.

The girls leave for Camp, Monday morning, other members of the club dropping in for a few days.

The Masonic Social Club gave the first private dance at Oak Lawn Park Thursday night and it was a great

success, with a hundred and fifty couples in attendance and every one enthusiastic in praise of the beautiful park and the delights of the out door affair for midsummer.

The floor of the big pavilion was in good condition and Wilson's orchestra furnished peppy music.

Refreshments were served in the tea room, the Masonic Social committee managing every thin splendidly. Guests were in attendance from Wilmington, Sedalia, Jeffersonville, New Holland, Sabina and Greenfield.

Miss Beota Haines complimented her cousin, Miss Adeline Haines, of

Greenfield, Thursday night with a lawn party that was the prettiest affair of the season in the Junior set.

The large grounds were fairly like in beauty. Delco lights conveying the effect of bright moon light, and glimpsed through the leaves of a big tree was a wonderfully realistic moon. Dozens of Japanese lanterns lent added picturesqueness to the scene, and formed a fringe like effect edging an overhead canopy of blue, rose and yellow streamers in the center of the lawn. A smaller canopy overhanging a bowl of refreshing punch in one corner of the yard.

The guests spent a most delightful evening in dancing to Victrola music and out-door games and found the proverbial hospitality encouraging the good time in every way.

A most delicious picnic lunch was served.

The young hostess, looking very pretty in yellow georgette was assisted by her mother, Mrs. Frank E. Haines and Miss Mary Hanna Bliss. The honor guest was attractive in white georgette.

Those who enjoyed the affair were: Miss Helen Maynard, of Waterloo, Ia.; Miss Marion Sands of Louisville Ky.; Misses Dorothy Dick, Florence Bliss, Florence Schadel, Mary Brown, Laura Brownell, Ruth Cockerill; Thomas Rogers, of Wilmington, Ia. Harchel, Willard Perrell, M. Grove Davis, Joseph Wilson, Charles Fabb, Hiram Hitchcock, Delbert Drake, Edward Lewis and David Craig.

The Young Matrons' Sunday School Class of the First Presbyterian Church of Bloomingburg, was the instigator of a very delightful surprise party tendered Mrs. Ed. Taylor, a member of the class, Tuesday evening, at her home.

Mrs. Maude Howland, who has just returned from a three weeks visit in Atlanta Georgia, and Mrs. Harry Squires, of Columbus, who is visiting in Bloomingburg preceded the other members of the class, to call on Mrs. Taylor, Mrs. Howland to give an account of her trip. Soon afterwards, the eighteen others in the party arrived with Rev. Kerns Preston, and Miss Esther Boggs, teacher of the class in the lead.

Mrs. Taylor was completely surprised, but arose to the occasion, and extended every hospitality to the guests, ably assisted the committee Mrs. Helen Scott, Mrs. Edna Gales, Miss Ida Jarvis and Miss Anna Edwards in making the evening one round of pleasure.

Japanese lanterns were used in decorating the lawn, and out-door games were enjoyed.

Punch was served through out the evening, and later light refreshments.

The younger society set enjoyed a delightful evening on Thursday when Miss Ruth Price gave a dance at the beautiful home of Mrs. Nelle Miller. The affair was given in honor of Mr. Carl Speckman who left this week for metropolis, Ill. The guests were Miss Beota Haines, Mr. Edward Lewis and Mr. Delbert Drake from Washington C. H., Miss Margaret Bowers from Fargo, N. D., Mr. and Mrs. Harold Blazer from Grand Rapids, Mich., and Misses Adeline Haines, Isabelle Shepler, Ruth Hanawalt, Mary Cameron, Elizabeth Cowman, Helen Little, Helen Milner Greva Long and Messrs. Carl Speckman, Arthur Horn, Dwight Parrett, Paul Mossbarger, Jimmie West, Armond Dewey, Harold Snover and Jack Mossbarger—Greenfield Republican.

"Mrs. Chas. A. Dickey entertained with a one o'clock dinner on Saturday at which she announced the engagement of her daughter Miss Dorothy Case Dickey to Mr. Harry McGhee of Williamsport, Ohio.

The affair was characteristically lovely in detail and ensemble, the daintily appointed table being a symphony in pink and white. It was graced with a large wicker basket of pink roses, while miniature tapers burned softly at the places marked for each guest. The elegant luncheon effectively carried out the chosen color scheme.

The wedding of Miss Dickey and Mr. McGhee will be an early autumn event."—Greenfield Republican.

Both Miss Dickey and Mr. McGhee have many friends in this city.

Mrs. Charles B. Parker and little daughters, Charlotte and Harriet Ann, of Sand Springs, Oklahoma are visiting Mr. and Mrs. Ed. Scoggins in this city. Mrs. Parker says that the women of Oklahoma are very much interested in the presidential election, as they can vote in that state.

The women of both parties are organizing clubs and preparing for a lively campaign. Mr. Charles B. Parker, who was formerly engaged in the manufac-

SHAMROCK WINS FIRST OF SERIES

Great Throng Gathers Off Sandy Hook to Witness First Race Between Shamrock Fourth And The Resolute.

Main Sail of Resolute Rendered Useless by Parting Halyard And She Loses Lead.

(By Associated Press)

Sandy Hook, July 15.—Great Britain gained her first toe-hold in 49 years on the America's cup today when Sir Thomas Lipton's challenger, Shamrock fourth, won the first race of the 1920 series after the defender, Resolute, had been forced out of the running by an accident to her rigging.

The green challenger must win two more races out of a possible maximum of four if she is to win the series.

Resolute must win three out of four to retain the cup which has been in possession of the New York Yacht club since 1861. Time, four hours, 25 minutes, 12 seconds.

The second race starts at noon Saturday.

If they win these matches they must play the British quartet in the next round. Australia now holds the cup.

TAXATION ONE BIG ISSUE IN THIS CAMPAIGN

Farmers to Ask Legislative Candidates to Vote As Conscience, Not Party Caucus, Decides.

Columbus, O., July 15. — Determined to make taxation the paramount issue in the state campaign this year, the Ohio Home Protective League will catechise candidates for the general assembly and will swing its support behind those definitely pledged to "a square deal in taxation."

The league's plan provides for members representing both political parties in each county of the state to submit a list of ten questions to each candidate. Answers will be forwarded to state headquarters and checked, and the result used as the basis of campaign activities.

One question upon which particular emphasis is being laid, is, "Will you disobey your party caucus if its actions are contrary to your answers to these questions or against your convictions?" Members of the league contend the party caucus was found to be their chief stumbling block in taxation fights in past legislatures.

Questions Agreed Upon.

Four of the questions are said to have been jointly agreed upon by all interests represented at a conference of farmers, laboring men, manufacturers and other classes last winter. These relate to "tax limitations on real estate, said limitations not to exceed the present limitations of the Smith law; debt limit for all taxing districts; to be applied to spending officials;" exceeding of tax limits by majority vote of electors, and a budget system for all taxing districts.

Other questions call for the candidate's attitude on the "single tax or site value tax," an increase in the tax on trucks for the upkeep of roads, and collective bargaining. The candidate is also asked if he will pledge himself if elected to act in a legislative capacity in accord with his answers to these questions.

Verification of the rumor has been impossible because of the absence from the city of Manager Gross, who recently returned from a conference with company officials in Chicago and is now in the coal fields making a strong effort to obtain coal at prices and in sufficient quantity to enable the company to operate the plant.

In event of the plant being forced to close down the effects would be far reaching, leaving the city and adjoining towns in darkness and without electric power.

RUMOR INSISTS ELECTRIC PLANT MAY CLOSE DOWN

A persistent rumor has been in circulation during the past day or two to the effect that there is a possibility of the plant of The Washington Gas & Electric company being forced to close down in this city, due to a combination of inability to obtain coal except at what is deemed an exorbitant price and the failure to obtain increased rates deemed necessary to meet expenses.

ELIZABETH HUGHES ANSWERS SUMMONS

After two years of intense suffering death relieved the pain of Miss Elizabeth Ann Hughes, 65, at the home of Mrs. Jess Daley, on Yeoman street, at four o'clock Thursday afternoon.

Two years ago Miss Hughes suffered a fracture of the hip in a fall and shortly afterwards suffered a paralytic stroke which made her a helpless invalid. For more than a year and a half she has made her home with Mrs. Daley on Yeoman street, where she was removed from her home in Madison Mills. During that time Mrs. Daley has cared for her, but no medical attention could check the slowly approaching death, and the end came peacefully. All through the long months of suffering Miss Hughes bore up well under the affliction.

Miss Hughes was a member of the Methodist Church of Madison Mills and a member of the Madison Mills Pphian Sisters lodge.

She is survived by one brother, Mr. Frank Hughes of Bloomingburg. Funeral services will be held Saturday morning at 10 o'clock at the Daley home and interment will be made in the Bloomingburg cemetery.

LOCAL BARBER IS THE OLDEST ONE IN STATE

James Johnson, Nearing His Eightieth Birthday, Is Cutting Hair and Shaving At Local Shop Without Aid of Glasses.

Learned Trade at the Age Of Fifteen—Has Observed Many Changes in Barbering—Shaved Many Well Known Men.

James J. Johnson, commonly known as "Jim Jackson" colored barber who has been associated with the Lou Anderson in the barber business on South Fayette street for the past quarter of a century, claims the distinction of being the oldest active barber in the state of Ohio.

Born in the year 1841 in Circleville "Jackson" as he is commonly known, is past 79 years old, and he is still shaving and cutting hair without the aid of glasses. Never at any time in his life has he worn glasses and his sight is almost as good today as it was when he began the business.

At the age of fifteen years he was bound out by his mother and served an apprenticeship of seven years until at the age of twenty-one he was termed a legitimate barber and allowed to practise his profession. It was at about this time that the Civil War was raging and he lent his assistance to the Union by serving as a nurse with the Union armies in Kentucky and Tennessee. He was under Dr. Henry Carpenter of Lancaster.

While "Jackson" himself refrains from telling some of the incidents that have made his career as a barber most interesting one, his partner tells with pride of how, when the two men were first in business, Johnson boasted the distinction of being the best at his trade in town.

During the many years that Johnson has barbered he has seen the styles in haircutting change an endless number of times and he states that his greatest trouble has been in adjusting himself to the various whims and fancies of the ever changing minds of the young men.

During that time he has also seen the prices charged for barbering go

from what seems now to be a mere pittance to the prices charged today and states that the changes have always followed the wars.

When the Civil War broke out the price of a shave was five cents and haircuts were fifteen cents each in this city. Then after the war the price was advanced to ten cents for a shave and twenty-five cents for a haircut. There the price remained almost stationary until near the end of the World War when the new order of things boosted the prices to their present standard.

"I did not think that I would ever live to see the prices charged for barbering today" says the aged tonsorial artist.

One of the subjects upon which he likes to converse is the fact that he has shaved many of the prominent Fayette county men of his time and also others with whom he has been brought in contact. Among these he mentions, Judge Gray, Judge Briggs, Ulric Sloane the famous criminal lawyer of Hillsboro and Colonel Yeoman, who led the 34th Ohio Infantry through the Civil War, the same regiment of which Company A of this city was a member. The old barber notices that there is not the regard for money now that there was during his boyhood days and even in later years.

While he has seen many fights in his shop over a five cent piece when some customer was particularly grouchy he now observes the fashion in which dollars are thrown away in the extravagance of spending in the history of the Nation and from which his own home town has not entirely escaped.

Johnson bears his almost four score years very lightly and there is hardly a wrinkle in his face although the stamp of the last few decadent years have left their mark. One habit which he clings to and will not give up to the new ideas of today is his small black fox cap which he wears continually.

He has been married and has one daughter, Mrs. Charles Woodrow of this city. Very few of his close relatives are alive.

ANOTHER CITATION FOR JAMES DUCEY

James Ducey, of Washington C. H., who is employed at the Turnbull Manufacturing Co. plant in this city, has received another citation for his bravery.

Ducey was a member of the Fifth Marine and was among the first in the fight overseas. Although reluctant about telling the stories of the war himself, tales of Ducey's bravery have reached this side of the water, showing that he has a record that is almost beyond comparison.

Only this week he received a medal from the French Government—one of the highest honors that that country can pay to a man. He has many similar medals and honorary documents, each standing for some deed of valor, which he performed. Besides the medals he received several citations, according to the stories which his friends are passing on.

Since coming to Washington the young man has won a wide acquaintance, and although he never speaks of the matter his friends are congratulating him on the receipt of the last token of honor from the French Government, which was received this week—Wilmington News Journal.

"Red" Ducey, as he is known to his friends in this city was Fayette county's most decorated soldier, and upon his return to this city was accorded a rousing reception by a host of friends.

There is to be a demonstration in front of the Court House at 3:30 Saturday afternoon of the new Climax Compression inner tube by Columbus parties. Moving pictures of local men driving nails into the casing containing a Climax tube are to be taken and later shown in a local picture show.

Has Thanksgiving Every Day

"Two years ago, after suffering many years with stomach trouble, I took a course of Mayr's Wonderful Remedy and haven't been sick a day since. I can eat anything I want and have no pain at all. Three doctors had advised operation but your remedy has cured me. Every day is Thanksgiving for me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackner & Tanquary and Frank Christpher—Advt.

THE FAYETTE COUNTY FAIR

AUGUST 17, 18, 19 and 20

Boys' and Girls' Club Work

The club work is planned for the boys and girls under 18 years of age. It has for its object the teaching to the boys and girls approved methods in agriculture and home economics, developing the initiative and resourcefulness and awakening of a greater love and appreciation of rural life by having boys and girls demonstrate what may be accomplished in production and conservation.

The Agriculture Extension Service of the Ohio State University believes that this work is best conducted through local clubs, consisting of five or more members, each club to be under the direction of an older person known as the club leader. A club may be organized in a school district, neighborhood or township, and any boy or girl under eighteen years, residing in Fayette county, who will agree to follow the club instructions may become a member.

Specimens of the work of the members must be exhibited at the Fayette County Fair, and each exhibitor will be admitted to the fair free. No fee whatever will be assessed against any member.

The State leader, Mr. W. H. Palmer, will from time to time furnish specialists who will meet with the clubs and give instructions and advice.

PIG CLUBS

Rules, Club Requirements.

Each member shall select, feed and care for one or more pigs. The pig or pigs shall be secured by the boy when no more than 12 weeks of age. They shall be weighed by the local club leader or two disinterested persons at the time they are secured by the boy and the weight, age and natural or artificial markings reported to the State Leader on cards furnished by him. The boy shall keep an accurate record of the amounts of each and every kind of feed fed, and present this record and also a summary of it to the representative of the Ohio State University at the time the pigs are exhibited at the fair.

The prizes will be awarded on the following basis on each breed:

1. Best pig or pigs with respect to the purpose to be served 45
2. Cheapest cost of gain 25
3. Greatest rate of gain 20
4. Story and record 10

Ride on Goodyear Tires in That Sturdy Small Car of Yours

It surprises certain users of small cars to find that they can obtain Goodyear Tires at a first cost ordinarily not greater, and sometimes less, than that of other tires.

This initial value, as well as the very low final cost, results from the application of Goodyear experience and care to their manufacture in the world's largest tire factory devoted to 30x3-, 30x3½- and 31x4-inch sizes.

Such facts explain why more cars, using these sizes, were factory-equipped last year with Goodyear Tires than with any other kind.

If you drive a Ford, Chevrolet, Maxwell, or Dort take advantage of the opportunity to enjoy real Goodyear value and economy; equip your car with Goodyear Tires and Heavy Tourist Tubes at the nearest Service Station.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size in waterproof bag \$4.50

"IS GRANDEST ON EARTH," SHE SAYS CHAUTAUQUA COMES TO CLOSE THURSDAY NIGHT

Mrs. Emma Woodsides Tells How Tanlac Relieved Her of Ten Years Of Suffering.

"Tanlac is the only thing that has ever helped me, and that's saying a good deal, for I have been trying for years to get relief," said Mrs. Emma Woodsides, 314 Indiana avenue, Toledo, Ohio.

"It was ten years ago that I commenced to feel run-down and noticed my health failing. For the past two years, that is until just recently when I began taking Tanlac, I had been in such a weak, nervous condition that I had given up all hope of ever being well again. For several years it has been impossible for me to do any of my heavy housework and even the least exertion would tire me out. My nerves were in such bad shape that I was easily irritated, noise of any kind would upset me and I never knew what it was to get a good night's sleep. About a year ago I began to have muscular rheumatism and since then my suffering was almost unbearable.

"For several months I had been having frequent fainting spells and felt so miserable and blue I could hardly stand it. About a month ago a friend of mine persuaded me to try Tanlac and ever since the first day I have been gradually getting better. The first bottle made a wonderful improvement in my condition and as it was the only medicine that had ever done me any good I decided to take it until I was a well woman. I have improved so much that I don't feel like the same person. I am still taking Tanlac and am gaining strength every day, and am able already to do all my housework. I am no longer troubled with rheumatic pains and my nerves have quieted down until I can sleep at night just like a child. Two months ago I was ready to give up completely but now I'm a cheerful, happy woman. I just think Tanlac the grandest medicine on earth and words can't express my appreciation of what it has done for me."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Millidgeville, E. L. Ford Sons, Lee Orman, Selden. — Advt.

Philosopher-Humorist Cope Brings Successful Chautauqua To Close.

Junior Chautauqua Program Delights Thursday Afternoon Audience.

With the distinction of having been the most largely attended Chautauqua ever held in this county the Cope-Haver Company closed a seven day session at the high school grounds Thursday evening with a concert by the Cambrian Welsh Glee Singers and the appearance on the lecture platform of Herbert Leon Cope, humorist and philosopher.

The Welsh Glee Singers consisted of a double male quartet who came from Wales and who have won numerous first prizes in the famous National Eisteddfods. Their concert in the evening was one made up of solo, duet, quartet, and chorous work. Each man was an individual artist.

Labeled as "the funniest man since B. B. Nye" and that "Sunshine of the Locomotive" Herbert Leon Cope lived up to expectations and kept his audience in good humor from start to finish, but beneath the humor there was based one of the soundest and most sensible talks to which Washington audiences ever listened.

"Family Remedies" was the head under which Mr. Cope grouped his lecture and it generally confined to the home unit and the homely affairs of life. He expressed the cause for all divorces in one word and declared that "nagging" was the simple explanation of all separations. While there were probably half a hundred reasons in the eyes of the law he said that they all reverted to the word nagging and that this was the primary cause.

He was strong in his assertion that love was the greatest thing in the world and advised the old people to keep on loving.

Mr. Cope said that the remedies for all cases of blues was laughing and that fellow who had a grouse was continually seeking trouble while to the person who looked at the bright side every face had a smile.

In summing up the reasons for blues he stated that he could hardly ever find a real cause for this state of mind and body. He said that some people worried because they had none of the conveniences of other people. He declared that the American people were far richer and far more comfortable than were King Solomon and the Queen of Sheba.

Some want to go back to the "good old times" and live in the past Mr. Cope said, but when he compared the

present with the old days, everything favored the present. He drew a word picture of the manner in which we are living, contrasting the hardships which even our grandfathers underwent.

Mr. Cope closed his lecture with the plea that the audience take home with them at least one of his thoughts and put into practice and see the results.

THURSDAY AFTERNOON

Little creatures that appeared to have stepped right out of the nursery book featured the afternoon entertainment which was "Mother Goose's Party" under the direction of the Junior Chautauqua leader, Miss Margaret Byrd, of Ohio State University, and which was given by the boys and girls. Costumed as Old Mother Goose, Miss Byrd held the center of the stage while the quaint and odd characters of the Mother Goose rhymes went through their parts and introduced themselves with a few lines of the jingles which they represented.

The Cambrian Eight, the Welsh Singers who also gave the prelude of the evening entertainment, gave a concert as the second half of the program.

PLAY DOUBLEHEADER AT JEFFERSONVILLE

Instead of just one ball game, as was first planned, Jeffersonville is to have two games in one day and on Sunday afternoon the Mt. Gilead Industrials will form the first half of a double header the second half of which is to be played with the Springfield Red Sox.
